Dallas, Tx. 75220  
FAA CRS# A9UR626J  
EASA# EASA.5481

**ROLLS-ROYCE 250  
WARRANTY**

*Action Aircraft Engine Overhaul (AAEO) represents and warrants that its workmanship conforms to the intent of the requirements of the manufacturer, and that its quality is in accordance with the applicable provisions of Federal Aviation Regulations.*

---

Engines, modules and accessories overhauled and/or repaired by AAEO are warranted to be free of defects in workmanship performed by AAEO for the remaining manufacturer's recommended time between overhaul or recommended calendar life, not to exceed three years.

All material warranties on overhauled engines, modules and engine components expire after 500 hours of operation or six (6) months after shipping date, whichever shall first occur.

AAEO's liability is limited to the time continued repair or replacement, at its facility and its option of the defective parts or accessories overhauled or repaired by AAEO which are determined by AAEO to have been defective due to faulty workmanship by AAEO. Warranty allowances shall not exceed the net price shown on the original overhaul/repair invoice.

The responsibility of AAEO under this warranty is further limited by the following conditions:

1. Defects in workmanship must be discovered before the manufacturer's recommended time between overhaul or calendar life has elapsed, and AAEO must be given prompt notice in writing.
2. The engine components must have been installed, preserved, maintained and operated in accordance with manufacturer's directives and instructions; the engine and components must not have been altered or repaired outside of AAEO's facility; and the engine components must not have been subjected to misuse, neglect, accident or damage from the elements.
3. The engine or accessory component part must be returned to AAEO's facility after notice of failure has been given, and AAEO must be afforded the opportunity to perform corrective work at the facility of its choice. (Unless such work is otherwise authorized in writing by AAEO.)

AAEO does not warrant parts, material, or services supplied or performed by other companies, but agrees to use its best efforts to ensure that the suppliers' and subcontractors' warranties with respect to such parts, materials and services will be extended to cover and be enforceable by the customer. AAEO will act for its customers in the processing of any claims or adjustments arising out of and because of defective parts, materials and workmanship in accordance with such suppliers' and subcontractors' warranties.

This warranty is extended to the Customer at the time of delivery and may not be assigned without AAEO's prior written consent.

---

**Except as otherwise set forth herein, it is expressly agreed and understood that there are no other warranties express, implied or statutory, including warranties of merchantability or fitness, nor are there any affirmations of fact, guarantees, representations, commitments or promises by AAEO with reference to the workmanship performed and materials provided by AAEO.**

**In no event shall AAEO be liable, whether in contract, tort or otherwise for special, consequential, incidental or indirect damages arising out of the workmanship performed or the materials supplied by AAEO in the overhaul and/or repair of Customer's property, including but not limited to loss of revenues, loss of use of Customer's property or of any equipment to which Customer's property may be installed or for loss of use or damages due to late delivery. No agreement or understanding varying or extending the terms of this warranty shall be binding upon AAEO unless reduced to writing and signed by a duly authorized representative of AAEO.**
